

# TIPS ON CREATING MENU

- You can customize your menu by adding in your appetizers, salads, main dishes and desserts into the editable fields.
- To go with the theme of the party, you can “name” your foods with words describing or reminiscent of the times. Example: Capone Caprese, Back Alley Artichoke Dip, Flapper Fruit Salad, etc. Some words we’ve found: roaring, Flapper, Rosie’s, Bees Knees, Capone, Back Alley, Alley Cat, Juice Joint, Speakeasy, Swinging, Cats Meow, Big Daddy, Bathtub Gin, Prohibition, Gangster, Mobster, Crime, Charleston, Hoover, etc.
- Accentuate your menu up by backing it on decorative cardstock. We suggest a fancy black and white art deco design to compliment the times.
